

Custom Vinyl Pergolas

Strength, Simplicity, and Attention to Details

These are just a few of the features that set Shoreline Vinyl Systems Custom Vinyl Pergolas apart from traditional pergola structures. The addition of low maintenance and long-term cost savings make our pergolas the choice for quality and investment.

Shoreline designs and manufactures custom pergolas to the specific needs of our customers. The following pictures display a few of the many design possibilities.

Please feel free to use these pictures to guide you in your pergola decision. Let us help custom design a pergola that is right for you.
